BLOCK 003 / 100 - REVIEW PENDING

Provisional artwork B-S2; no human approval

A Jet Fuel Gelato and Gastro Pop cross in the Compound Genetics catalogue. [S1][S2]

Identity, history and description

Attributions are separate from verified information. The material is not certified.

Identity

10Gs / Compound Genetics. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

Description

10Gs brings together Jet Fuel Gelato and Gastro Pop, a formula confirmed by the title of Compound Genetics' official page. SeedFinder specifically identifies the parent as Gastro Pop #5 and records feminized seeds. The readable information consulted does not develop a cultivar-specific aroma or morphology; neither is inferred from its name. [S1][S2]

History and origin

Identity is cross-checked against the breeder page and SeedFinder; the #5 designation is attributed to the latter. [S1][S2]

Recorded lineage

Jet Fuel Gelato × Gastro Pop #5 [S1]. Parentage attributed to the source, not independently validated genetics.
