BLOCK 003 / 100 - REVIEW PENDING

Provisional artwork B-S1; no human approval

A Senpai Genetics hybrid combining 10th Planet #4 with Tempest Terrene. [S1]

# Identity, history and description

Attributions are separate from verified information. The material is not certified.

## Identity

10th Tempest / Senpai Genetics. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

## Description

SeedFinder identifies 10th Tempest as offspring of Ethos' 10th Planet #4 selection and Senpai Genetics' Tempest Terrene. Its description combines purple, lime-green and orange coloration with abundant resin coverage. Aroma references evoke grape candy canes and earth after rain; they do not establish measured terpenes or justify inferring mint notes. [S1]

## History and origin

The formula and traits are attributed to SeedFinder; no accessible original breeder description has been verified. [S1]

## Recorded lineage

10th Planet #4 × Tempest Terrene [S1]. Parentage attributed to the source, not independently validated genetics.
