Identity

1998 F4 Blueberry / Blue Star Seed Co. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

Description

This feminized line refers back to DJ Short's historical Blueberry. The written formula is Blueberry (1998 F4) × Blueberry (1998 F4 S1), although SeedFinder's tree simplifies it to S1; the exact generation remains partly ambiguous. [S1][S2]

The attributed breeder account describes blueberry, muffin and sweet fruit, with cedar and chocolate in certain phenotypes. These variants do not establish a uniform aroma across every specimen. [S1]

History and origin

Blue Star work involving DJ Short's F4 Blueberry mother and selected offspring. [S1]

Recorded lineage

Blueberry (1998 F4) × Blueberry (1998 F4 S1) [S1]. Parentage attributed to the source, not independently validated genetics.
