Provisional artwork B-S1; no human approval

1998 Mystery is attributed to Anjaneya Mountain Medicine and has unknown ancestry. [S1]

Identity, history and description

Attributions are separate from verified information. The material is not certified.

Identity

1998 Mystery / Anjaneya Mountain Medicine. Name and breeder retained from the supplied catalogue; they do not authenticate a physical sample.

Description

The retailer account connects this entry with old seeds kept in a photographic film canister. It suggests a Vermont summer-camp origin in 1998 and two plants recovered in 2020. This is an attributed provenance story, not a verified pedigree. [S1]

The same source distinguishes a small plant from a second plant with an elongated, sativa-like structure. It does not identify parents or establish a reliable sensory profile. [S1]

History and origin

Secondary account of seeds associated with 1998 recovered in 2020. [S1]

Recorded lineage

Undocumented ancestry. No genealogy is established from the available references.
