The Cali Connection's 22 is a feminized line based on a Jack Herer selection. [S1]

Identity, history and description

Attributions are separate from verified information. The material is not certified.

Identity

22 / The Cali Connection. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

Description

The breeder presents 22 as a Jack Herer-dominant line and describes work within that selection. The older account reproduced by SeedFinder mentions an OG Jack Herer cross increased to itself but does not identify the exact OG component. A complete formula is therefore not fixed. [S1][S2]

The sources agree on a floral, pine and Haze profile. The official entry does not detail a specific flower morphology. [S1][S2]

History and origin

Jack Herer-based selection; older account refers to an OG Jack Herer cross. [S1][S2]
