Identity, history and description

Attributions are separate from verified information. The material is not certified.

Identity

303 Alien / The Fire Department. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

Description

SeedFinder also lists 303 Alien as Colorado's Alien OG Kush. Its tree proposes Alien Inferno #10 × Alien Rock Candy and marks the relationship as probable. The description mentions these lineages too, but its backcross explanation is ambiguous. The attribution is therefore retained cautiously, without inventing an additional formula or cannabinoid percentages.

History and origin

The consulted reference does not document the creation date or a specific selection.

Recorded lineage
