Illuminati Seeds' 4 Horseman Haze: Black Haze x Pestilence.

Identity, history and description

Attributions are separate from verified information. The material is not certified.

Identity

4 Horseman Haze / Illuminati Seeds. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

Description

SeedFinder documents Black Haze × Pestilence for 4 Horseman Haze and attributes the cross to Illuminati Seeds. The entry classifies it as feminized and sativa-dominant. Its brief description gives neither a specific sensory profile nor independent analytical results, and these traits are not inferred from the name.

History and origin

The consulted reference does not document the creation date or a specific selection.

Recorded lineage

Black Haze × Pestilence [S1]. Parentage attributed to the source, not independently validated genetics.
