# Identity, history and description

Attributions are separate from verified information. The material is not certified.

## Identity

#41 Zi / Karma Genetics. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

## Description

#41 Zi combines Gelato #41 with Zkittlez × ZiZi F2. The account attributed to Karma Genetics describes a regular indica/sativa hybrid. [S1]

F2 qualifies ZiZi within the formula and does not establish an F2 generation for the entire cross. The consulted record offers no strain-specific sensory description; parental names alone cannot establish dessert or fruit flavours.

## History and origin

Line attributed to Karma Genetics; release date undocumented.

## Recorded lineage

Gelato #41 × Zkittlez × ZiZi F2 [S1]. Parentage attributed to the source, not independently validated genetics.
