BLOCK 004 / 100 - REVIEW PENDING

Provisional artwork A-S1; no human approval

Four Way and Afghani #1; roles follow the breeder text.

Identity, history and description

Attributions are separate from verified information. The material is not certified.

Identity

5 Way / Pukka Seeds. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

Description

Pukka Seeds' 5 Way is presented as a hybrid in regular seeds. The breeder text mentions Four Way clones and an Afghan #1 male, while the tree lists the names in reverse order. The prose's roles are retained without inferring five direct parents from the commercial name.

History and origin

The consulted reference does not document the creation date or a specific selection.

Recorded lineage

Four Way × Afghani #1 [S1]. Parentage attributed to the source, not independently validated genetics.
