

HI HOLY HIGH

'78 Skunk 'D' x Gorilla Grape

TCVG Shit

BLOCK 002 / 30 - REVIEW PENDING

Provisional artwork B-S1; no human approval

A TCVG Shit F1 cross of '78 Skunk "D", named Deanna, and Gorilla Grape "Kong". The source classifies it as mostly sativa. [S1]

Identity, history and description

Attributions are separate from verified information. The material is not certified.

Identity

'78 Skunk 'D' x Gorilla Grape / TCVG Shit. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

Description

'78 Skunk 'D' x Gorilla Grape joins a particular Skunk selection with the Gorilla Grape male known as Kong. Female D, Deanna, came from OhSoGreen material; the breeder described her as expressing Colombian Gold influence. That attribution helps distinguish this entry from the M variant in the same project. [S1]

Its identity is more precise than the names Skunk and Gorilla Grape alone. The letter D preserves the maternal selection and prevents two different crosses from being conflated. The record identifies this offspring generation as F1. Improving flavour was one of the breeder's aims, but the source supplies no specific aroma notes establishing grape-like qualities in the offspring, nor a sufficiently detailed morphological account of the cross itself.

History and origin

The breeder's account places Deanna within an OhSoGreen '78 Skunk selection and attributes Kong to Outlaw Genetics' Gorilla Grape. No release date is established. [S1]

Recorded lineage

'78 Skunk 'D' (Deanna) x Gorilla Grape (Kong) [S1]. Parentage attributed to the source, not independently validated genetics.

Technical record and evidence

Field	Current record
Name	'78 Skunk 'D' x Gorilla Grape
Breeder / seed bank	TCVG Shit
Recorded type	Mostly sativa; F1 [S1]
Lineage	'78 Skunk 'D' (Deanna) × Gorilla Grape (Kong)
Cut	Not documented
THC / CBD	Not documented
Terpenes	Not documented
HHH sample	Not supplied

Evidence review

Catalogue attributions and breeder statements are not laboratory findings. No identified HHH specimen or analytical certificate linked to it has been supplied.

Recorded lineage

'78 Skunk 'D' x Gorilla Grape -> '78 Skunk 'D' (Deanna) [S1] (REPORTED)

'78 Skunk 'D' x Gorilla Grape -> Gorilla Grape (Kong) [S1] (REPORTED)

Sensory profile and documentation

Sensory profile

Flavour improvement is described as a breeding aim. Specific notes are not verified for this offspring; "Grape" in a parent's name does not establish them. [S1]

Terpenes

No terpene analysis of an identified sample is available. Reported aromatic notes do not establish compounds or percentages.

Documentary scope

Varietal identity and history record. It contains no production instructions or consumption recommendations.

Documentary record

Catalogue record; it does not establish stock, specimen provenance or commercial availability. Catálogo!row:9.
