Provisional artwork A-S1; no human approval

Afghanistan Hashplant, attributed to Annibale Genetics. Indica according to the source.

Identity, history and description

Attributions are separate from verified information. The material is not certified.

Identity

Afghanistan Hashplant / Annibale Genetics. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

Description

Afghanistan Hashplant, attributed to Annibale Genetics. Attributed provenance: Afghan indica material. [S1]

History and origin

Annibale Genetics includes Afghanistan Hashplant in its traditional-line collection as an indica selection. The tree combines two unspecified Afghan components and does not establish a more precise source population. [S1]

Recorded lineage

Attributed provenance: Afghan indica material [S1]. Parentage attributed to the source, not independently validated genetics.
