Provisional artwork A-S1; no human approval

African Buzz, attributed to Seedsman. Sativa according to the source.

Identity, history and description

Attributions are separate from verified information. The material is not certified.

Identity

African Buzz / Seedsman. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

Description

African Buzz, attributed to Seedsman. Selection from: Malawi Gold. [S1] Long branches. [S1]

History and origin

Seedsman describes African Buzz as a selection of its earlier Malawi Gold paired with a male from the same line. Its identity refers to that internal work, with long branches among the reported traits. [S1]

Recorded lineage

Selection from: Malawi Gold [S1]. Parentage attributed to the source, not independently validated genetics.
