

HI HOLY HIGH

African Honey

Jah Seeds

BLOCK 009 / 300 - REVIEW PENDING

Provisional artwork A-S1; no human approval

African Honey, attributed to Jah Seeds. Indica/sativa hybrid.

Identity, history and description

Attributions are separate from verified information. The material is not certified.

Identity

African Honey / Jah Seeds. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

Description

African Honey, attributed to Jah Seeds. Critical Mass × White Widow. [S1]

History and origin

Jah Seeds links African Honey to Critical and Widow; the tree specifies Critical Mass and White Widow. Despite the name, the entry does not establish a specific African origin. [S1]

Recorded lineage

Critical Mass × White Widow [S1]. Parentage attributed to the source, not independently validated genetics.

Technical record and evidence

Field	Current record
Name	African Honey
Breeder / seed bank	Jah Seeds
Recorded type	Indica/sativa hybrid
Lineage	Critical Mass × White Widow
Cut	Not documented
THC / CBD	Not documented
Terpenes	Not documented
HHH sample	Not supplied

Evidence review

Catalogue attributions and breeder statements are not laboratory findings. No identified HHH specimen or analytical certificate linked to it has been supplied.

Recorded lineage

African Honey -> Critical Mass [S1] (reported)

African Honey -> White Widow [S1] (reported)

Sensory profile and documentation

Sensory profile

The source describes notes of sweet. [S1]

Terpenes

No terpene analysis of an identified sample is available. Reported aromatic notes do not establish compounds or percentages.

Documentary scope

Varietal identity and history record. It contains no production instructions or consumption recommendations.

Documentary record

Catalogue record; it does not establish stock, specimen provenance or commercial availability.
Catálogo!row:774.

African Honey | Hi Holy High

Documented identity, history and lineage: Jah Seeds.

DankAdvice

A name provides a clue; traceability establishes identity. Keep breeder, ancestry and provenance together without filling gaps with assumptions.

Notices

Conceptual illustrations, not photographs of an authenticated specimen. Informational document for adults, without medical claims or potency guarantees. Unpublished.
