

# HI HOLY HIGH

## AK420 Autoflower

SeedStockers

BLOCK 009 / 300 - REVIEW PENDING

Provisional artwork A-S1; no human approval

AK420 Autoflower is an entry attributed to SeedStockers. Partial ancestry: AK420 × Unidentified autoflowering donor.

# Identity, history and description

Attributions are separate from verified information. The material is not certified.

## Identity

AK420 Autoflower / SeedStockers. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

## Description

AK420 Autoflower is an entry attributed to SeedStockers. Autoflowering hybrid. Partial ancestry: AK420 × Unidentified autoflowering donor. [S1]

The attributed profile combines fruit, fuel, citrus. [S1] The source describes dense flowers. [S1]

## History and origin

Seedstockers attributes this Autoflower to its AK420 branch and an unnamed autoflowering donor. Its own attribution is retained: sharing AK420 wording with another catalogue does not establish identical parent stock. [S1]

## Recorded lineage

Partial ancestry: AK420 × Unidentified autoflowering donor [S1]. Parentage attributed to the source, not independently validated genetics.

## Technical record and evidence

| Field               | Current record                                             |
|---------------------|------------------------------------------------------------|
| Name                | AK420 Autoflower                                           |
| Breeder / seed bank | SeedStockers                                               |
| Recorded type       | Autoflowering hybrid                                       |
| Lineage             | Partial ancestry: AK420 × Unidentified autoflowering donor |
| Cut                 | Not documented                                             |
| THC / CBD           | Not documented                                             |
| Terpenes            | Not documented                                             |
| HHH sample          | Not supplied                                               |

### Evidence review

Catalogue attributions and breeder statements are not laboratory findings. No identified HHH specimen or analytical certificate linked to it has been supplied.

### Recorded lineage

AK420 Autoflower -> AK420 [S1] (partial)

AK420 Autoflower -> Unidentified Auto donor [S1] (partial)

# Sensory profile and documentation

## Sensory profile

The attributed profile combines fruit, fuel, citrus. [S1]

## Terpenes

No terpene analysis of an identified sample is available. Reported aromatic notes do not establish compounds or percentages.

## Documentary scope

Varietal identity and history record. It contains no production instructions or consumption recommendations.

## Documentary record

Catalogue record; it does not establish stock, specimen provenance or commercial availability.  
Catálogo!row:941.

# SEO, DankAdvice and sources

## Proposed SEO

AK420 Autoflower | Hi Holy High

Documented identity, history and lineage: SeedStockers.

## DankAdvice

*A name provides a clue; traceability establishes identity. Keep breeder, ancestry and provenance together without filling gaps with assumptions.*

## Notices

Conceptual illustrations, not photographs of an authenticated specimen. Informational document for adults, without medical claims or potency guarantees. Unpublished.
