Identity

Alien Tarantula / Obsoul33t Genetics. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

Description

Obsoul33t Genetics identifies a Tarantula mother, Kyle Kushman's Strawberry Cough crossed with Alien Kush, and an Alien Technology father for Alien Tarantula. The tree retains uncertainty for Alien Kush in the maternal branch. Available aromatic prose describes the Alien Technology parent rather than confirming this cross's profile. [S1]
