Identity, history and description

Attributions are separate from verified information. The material is not certified.

Identity

Alki Haze / South Bay Genetics. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

Description

South Bay Genetics describes Alki Haze as a Mr Nice female spelled Oretga in the source crossed with a Blue Dream F2 male. That spelling is retained without resolving it by intuition as another identity. The description attributes blueberry and pine notes to the cross, alongside a conical structure. [S1]
