Identity, history and description

Attributions are separate from verified information. The material is not certified.

Identity

Alpine Gas Auto / Honey Hive Genetics. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

Description

Alpine Gas Auto's tree combines a M.A.C and Wedding Cake line with ruderalis and Thor's Hammer, and a Trizzlerz by Thor's Hammer line. However, the description calls it Gas Grease Autoflower. That mismatch prevents confirming the sensory notes belong to this name; they are omitted and the identity warning retained. [S1]
