## Anesthesia

Breeders Choice

BLOCK 013 / 100 - REVIEW PENDING

Provisional artwork A-S1; no human approval

Anesthesia belongs to the catalogue of Breeders Choice. Regular indica-dominant hybrid. [S1]

# Identity, history and description

Attributions are separate from verified information. The material is not certified.

## Identity

Anesthesia / Breeders Choice. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

## Description

Breeders Choice presents Anesthesia as the old Positronics Skunk Afghani crossed with a Sannie Herijuana male. Contrasting open and broad-leaf phenotypes with compact flowers are described. Light coffee, spice and dark earth form its profile; the name does not imply validated anesthetic use. [S1]

## History and origin

Anesthesia belongs to the catalogue of Breeders Choice. Breeders Choice presents Anesthesia as the old Positronics Skunk Afghani crossed with a Sannie Herijuana male. Contrasting open and broad-leaf phenotypes with compact flowers are described. Light coffee, spice and dark earth form its profile; the name does not imply validated anesthetic use. [S1]

## Recorded lineage

Afghani x Skunk #1 (Positronics line) x Herijuana [S1]. Parentage attributed to the source, not independently validated genetics.

## Technical record and evidence

| Field               | Current record                                    |
|---------------------|---------------------------------------------------|

| Terpenes            | Not documented                                    |
| HHH sample          | Not supplied                                      |

### Evidence review

Catalogue attributions and breeder statements are not laboratory findings. No identified HHH specimen or analytical certificate linked to it has been supplied.

### Recorded lineage

Anesthesia -> Afghani x Skunk #1 (Positronics line) [S1] (documented)

Anesthesia -> Herijuana [S1] (documented)

# Sensory profile and documentation

## Sensory profile

The source describes notes of light coffee, spice, dark earth. [S1]

## Terpenes

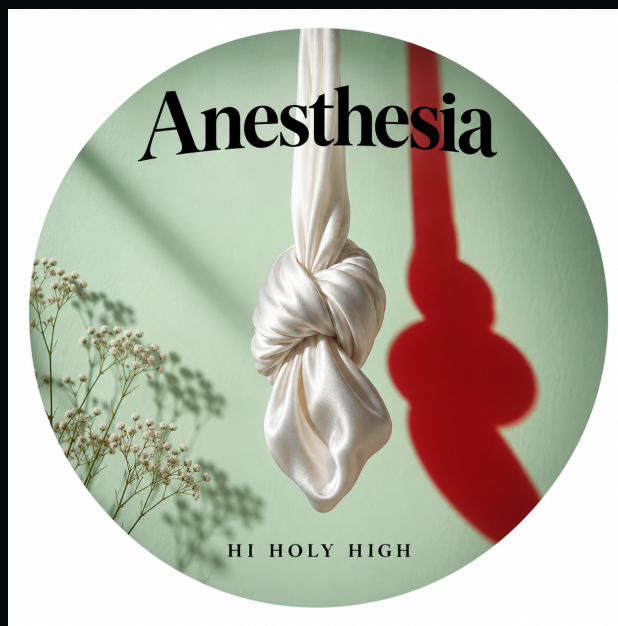

No terpene analysis of an identified sample is available. Reported aromatic notes do not establish compounds or percentages.

## Documentary scope

Varietal identity and history record. It contains no production instructions or consumption recommendations.

## Documentary record

Catalogue record; it does not establish stock, specimen provenance or commercial availability.  
Catálogo!row:1616.
