# Identity, history and description

Attributions are separate from verified information. The material is not certified.

## Identity

Angola Red x Skunk #1 / Basmati Gardens. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

## Description

Basmati Gardens documents Angola Red x Skunk #1 with a La Mano Negra-line mother received through Legendary Genetics and an Authentic Genetics-associated male. Resinous flowers, abundant pistils and basil-like notes in some phenotypes are described. Angolan ancestry does not establish identity with other namesake selections. [S1]
