Identity, history and description

Attributions are separate from verified information. The material is not certified.

Identity

Angry Orange Man / Quentin Terpentino Genetics. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

Description

Quentin Terpentino Genetics also records Angry Orange Man as A.O.M., with White Runtz x Tangie in the tree. Three phenotype groups are distinguished by parental influence. One combined expression is described with sharp orange candy, fresh coffee and caramel; those notes are not generalized to every specimen. [S1]
