Identity

Auto Kritical Red / Mr. Hide Seeds. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

Description

Mr. Hide Seeds links Auto Kritical Red to Critical and Diesel and highlights reddish coloration and dense flowers. SeedFinder proposes a ruderalis component and specifies Critical as Critical Mass, but marks the overall attribution as probable. That uncertainty is retained alongside the sweet, caramel-like profile. [S1]
