Identity, history and description

Attributions are separate from verified information. The material is not certified.

Identity

Bananapples / Old School Genetics. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

Description

SeedFinder records Bananapples under Old School Genetics. The recorded ancestry includes Apples and Bananas (CG cut) x Banana Ripple #17. Old School Genetics identifies the CG cut of Apples and Bananas and Oldman Green's Banana Ripple #17 selection, linked to the Banoffee Pie series. It describes a sweet fruity profile with creamy, slightly acidic nuances; conflicting remote Apples and Bananas ancestry is not adopted. The official page uses Banana Apples in its title and Bananapples in the description for this same cross. [S1, S2]
