Classic Seeds

BLOCK 002 / 30 - REVIEW PENDING

Provisional artwork B-S2; no human approval

A Classic Seeds cross joining two Chemdog branches: one with C-99 and the other with Sour Diesel. [S1]

Identity, history and description

Attributions are separate from verified information. The material is not certified.

Identity

(CD x C-99) x (CD x SD) / Classic Seeds. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

Description

(CD x C-99) x (CD x SD) expresses its parentage as two groups, not a list of four independent direct parents. Classic Seeds identifies those groups as Chemdog x C-99 and Chemdog x Sour Diesel. Chemdog's appearance in both branches is the documentary feature distinguishing this combination. [S1]

The breeder describes a Chem-leaning expression without specifying which traits support that comparison. This phrase is therefore not converted into particular fuel, citrus or other aromatic notes. The catalogue places it among indica/sativa hybrids, with no documented ratio. Neither a uniform phenotype nor a chemical composition is inferred from its genealogy.

History and origin

A Classic Seeds record based on two lines related through Chemdog; creation date and traceability of HHH material are not documented. [S1]

Recorded lineage

(Chemdog x C-99) x (Chemdog x Sour Diesel) [S1]. Parentage attributed to the source, not independently validated genetics.

Technical record and evidence

Field	Current record
Name	(CD x C-99) x (CD x SD)
Breeder / seed bank	Classic Seeds
Recorded type	Indica/sativa hybrid, with no documented ratio [S1]
Lineage	(Chemdog x C-99) x (Chemdog x Sour Diesel)
Cut	Not documented
THC / CBD	Not documented
Terpenes	Not documented
HHH sample	Not supplied

Evidence review

Catalogue attributions and breeder statements are not laboratory findings. No identified HHH specimen or analytical certificate linked to it has been supplied.

Recorded lineage

(CD x C-99) x (CD x SD) -> (Chemdog x C-99) [S1] (REPORTED)

(CD x C-99) x (CD x SD) -> (Chemdog x Sour Diesel) [S1] (REPORTED)

Sensory profile and documentation

Sensory profile

No specific aromatic breakdown; a general Chem reference does not establish particular notes. [S1]

Terpenes

No terpene analysis of an identified sample is available. Reported aromatic notes do not establish compounds or percentages.

Documentary scope

Varietal identity and history record. It contains no production instructions or consumption recommendations.

Documentary record

Catalogue record; it does not establish stock, specimen provenance or commercial availability.
Catálogo!row:17.
