

HI HOLY HIGH

"FRITZ" The Cat

Fattymcfattfatt

BLOCK 002 / 30 - REVIEW PENDING

Provisional artwork B-S2; no human approval

A Fattymcfattfatt hybrid recorded as Apple Fritter × Super Harlequin, with breeder-attributed purple hues and fruity character. [S1]

Identity, history and description

Attributions are separate from verified information. The material is not certified.

Identity

"FRITZ" The Cat / Fattymcfattfatt. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

Description

"FRITZ" The Cat brings together Apple Fritter and Super Harlequin in the Fattymcfattfatt record. The source classifies it as an indica/sativa hybrid and gives a brief description: purple hues and a fruity sensory character. It identifies neither specific fruits nor aromatic compounds, and does not establish uniform coloration across specimens. [S1]

Parentage helps distinguish this identity from similarly named cultivars, but does not determine its composition by itself. In particular, the Super Harlequin name does not establish inherited CBD content. Without an identified sample and its analysis, no percentages are assigned and parental properties are not transferred to this cultivar.

History and origin

A Fattymcfattfatt entry with recorded parentage; the consulted source gives no creation date or documentation of physical HHH material. [S1]

Recorded lineage

Apple Fritter × Super Harlequin [S1]. Parentage attributed to the source, not independently validated genetics.

Technical record and evidence

Field	Current record
Name	"FRITZ" The Cat
Breeder / seed bank	Fattymcfattfatt
Recorded type	Indica/sativa hybrid, with no documented ratio [S1]
Lineage	Apple Fritter × Super Harlequin
Cut	Not documented
THC / CBD	Not documented
Terpenes	Not documented
HHH sample	Not supplied

Evidence review

Catalogue attributions and breeder statements are not laboratory findings. No identified HHH specimen or analytical certificate linked to it has been supplied.

Recorded lineage

"FRITZ" The Cat -> Apple Fritter [S1] (REPORTED)

"FRITZ" The Cat -> Super Harlequin [S1] (REPORTED)

Sensory profile and documentation

Sensory profile

Broadly fruity character attributed to the breeder, without specific fruits or terpene analysis. [S1]

Terpenes

No terpene analysis of an identified sample is available. Reported aromatic notes do not establish compounds or percentages.

Documentary scope

Varietal identity and history record. It contains no production instructions or consumption recommendations.

Documentary record

Catalogue record; it does not establish stock, specimen provenance or commercial availability.
