Emerald Mountain Legacy

BLOCK 002 / 30 - REVIEW PENDING

Provisional artwork B-S2; no human approval

An Emerald Mountain Legacy hybrid linked to a Freeborn Selections collaboration and described as aromatically close to Ghost OG. [S1]

Identity, history and description

Attributions are separate from verified information. The material is not certified.

Identity

(Ghost OG x SkyJaro) x Oil Spill / Emerald Mountain Legacy. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

Description

(Ghost OG x SkyJaro) x Oil Spill joins a first Ghost OG x SkyJaro branch with Oil Spill. The Emerald Mountain Legacy record connects this combination with a collaboration involving Freeborn Selections, identified through Mean Gene of Mendocino. It is classified as an indica/sativa hybrid without a documented ratio. [S1]

The description focuses on aroma: solvent and fuel comparisons accompanied by burnt rubber, anise, root beer and cola. These are sensory comparisons attributed to the breeder, not evidence that those substances are present or measurements of compounds. The Oil Spill name likewise does not certify composition or colour. Available information cannot establish a uniform morphology or transfer that account to an unidentified HHH sample.

History and origin

An Emerald Mountain Legacy entry linked in the description to Freeborn Selections / Mean Gene of Mendocino. Creation date is undocumented. [S1]

Recorded lineage

(Ghost OG x SkyJaro) x Oil Spill [S1]. Parentage attributed to the source, not independently validated genetics.
