Identity, history and description

Attributions are separate from verified information. The material is not certified.

Identity

(Stinky Dog x Zkittles) x Purple Punch / Tramuntana Seeds. The identity described here refers to the combination of name and breeder in the source, not to authentication of a physical sample.

Description

(Stinky Dog x Zkittles) x Purple Punch combines the Stinky Dog x Zkittles branch with Purple Punch, described in the source as a US selection. The catalogue presents a hybrid with an indica tendency without quantifying the balance. Stinky Dog's detailed identity remains unresolved in its tree, so the first parent's name is not expanded into an assumed genealogy. [S1]

The breeder's account describes a compact, shrub-like structure, dense flowers and resin. Aromatic comparisons suggest forest berries against a grape background. These are catalogue descriptions, not results from an HHH specimen; they establish neither a specific terpene composition nor an identical profile in every individual.

History and origin

Recorded lineage
